

Waeco Cooling Boxes

Easy to carry cooling boxes, ideal for journeys, camping or picnics. The TropiCool range of thermoelectric coolers offers powerful performances: cooling down to 30 °C below ambient temperature, or heats up to 65 °C. All the boxes offered do have the following test marks: TÜV/GS, E-approved according to 95/54/EG (EMC guidelines for vehicles).

TropiCool Compact Cooler - Board Bar TB-08

Finiscode: 1335527 	Gross capacity: Approx. 8 litres Voltage: 12 volts DC Weight: Approx. 3,2 kg Consumption: 32 watts Material: PP
	Temperature: Cooling: up to 20° C below ambient temperature Heating: interior limited by thermostat at +65°C Features: 2 drink holders, cold/warm option, fold-up lid to open with one hand, fastened on the vehicle seat with the safety belt, additional belt for fastening between two seats, cooling and heating function indicated by LED's

TropiCool Board Bar TB-15

Finiscode: 1335526 	Gross Capacity: Approx. 15 litres Voltage: 12 volts DC Weight: Approx. 5,2 kg Consumption: 54 watts Material: ABS
	Temperature: Cooling: up to 20°C below ambient temperature Heating: interior limited by thermostat at +65°C Features: LED indicators for cooling/heating function and battery monitor, fastening on vehicle seat with safety belt, extensible fastening rail to avoid tilting in case of emergency braking, safe pressure closure, ABS (Active Battery Security), accommodates 1.5- and 2-litre bottles, cold/warm switch, fold-up grid tray, serves as armrest when fitted on rear seat.

TropiCool Cooling Box TC-35FL

Finiscode: 1434385 	Gross capacity: 35 litres Voltage: 12/24 volts DC, 230 volts AC Weight: Approx 10 kg Consumption: 60-80 watts Material: Sturdy, injection moulded parts
	Temperature: Cooling: up to 30°C below ambient temperature Heating: 50 to 65°C Features: Soft touch operating panel with LED indicators and memory function. Space-saving detachable lid. Practical fold-away handle.

Waeco Cooling Boxes

Cooling Box TE-21-ISO for ISOFIX fastening

 Finiscode: 1479499	Gross capacity:	21 litres
	Voltage:	12/24 volts DC, 230 volts AC
	Weight:	Approx 6 kg
	Consumption:	55-80 watts
	Material:	Sturdy, injection moulded parts
	Temperature:	Cooling: 1 to 15°C, up to 30°C below ambient temperature Heating: 50 to 65°C
	Features:	Soft touch operating panel with LED indicators and memory function. Space-saving detachable lid. Practical fold-away handle. Vertical space for 2-litre bottles. Crash tested.

Tropicool Freshbag TF-14

 Finiscode: 1335525	Gross capacity:	14 litres
	Voltage:	24-volts DC
	Weight:	Approx 4,6 kg
	Consumption:	36 watts
	Material:	Exterior in high-quality Oxford nylon, sides in hard-wearing, rubber-coated nylon
	Temperature:	Cooling: Up to 25°C below ambient temperature
	Features:	3 spacious exterior pockets with zip or snap fastener, improved insulation effect through additional aluminium foil inside cooler, vertical space for 2-litre bottle

Waeco voltage monitor

1549801

Switches off any connected cooling box or other electricity consumer before the vehicle battery runs empty

Service and warranty
